Call for Papers

Editor-in-chief:

Wai-Ki Ching,

Deputy Head, Department of Mathematics Manager,
AMAC Laboratory, HKU, Department of Mathematics
The University of Hong Kong, Pokfulam Road,
Hong Kong, China

Dear Colleagues,

We would like to invite you to submit manuscripts of your original papers, for possible publication in **Mathematical Modelling and Applied Computing (MMAC)**, which publishes top-level work from all areas of Mathematical Modelling and Applied Computing. All submissions should be made electronically to the Editor-in-chief through: (EIC: submit@rippublication.com). More information on the journal and the publishing process can be obtained at: www.rippublication.com/mmac.htm

The Mathematical Modelling and Applied Computing (MMAC), is an international research journal, Areas of interest include (but are not limited) to Engineering Systems, Computational Engineering, Computational Sciences and Technology, Applied Mathematics, Mathematical Methods, Numerical Modelling, Biomedical Systems, Agricultural, Mineral and Energy Resources, Defense Related Problems, Economics, Business and Management, Environmental Sciences and Engineering, Model Validations and more...

Submission: Authors are requested to submit their papers electronically to submit@rippublication.com with mention journal title (**MMAC**) in subject line.

Author benefits:

The benefits of publishing in **Mathematical Modelling and Applied Computing (MMAC)** includes:

- **Fast publication times:** your paper will appear online as soon as it is ready, in advance of print version (review time of paper is 3-4 weeks)
- Excellent editorial standards
- Access free on-line issue of journal for one year
- A rigorous, fast and constructive peer review process
- All abstracts and full text available free on-line to all main universities/institutions worldwide ensures promotion to the widest possible audience

We shall be glad to receive your technical contributions at your earliest convenience. Please publicize this journal amongst your colleagues for possible contribution and subscription.

With kind regards,

Wai-Ki Ching, Editor-in-chief

Mathematical Modelling and Applied Computing
